2. Purpose B, and C: Hirer would be charged for replacement of missing items, and items damaged beyond repair. Balance of deposit less replacement charges would be refunded. Hirer would be charged extra if deposit is insufficient to cover replacement charges.

Per Item	\$60	\$150	\$100	\$50	\$50

Notes

1. Storage-4-u requires those with the authorised key-code to be registered. These people are designated as key-holders.
2. Normal wear-and-tear would not be charged for (subject to committee approval).
3. Tables and clocks available for hire at rates to be set, with the idea that one event would correspond roughly to paying rent on the storage unit for one month (\$150).
4. A daily rate of \$12 per 1.8m trestle before GST, not including delivery/collection charge, is normal for Auckland.
5. Number of days are calculated from pick-up to drop-off. Pick-up day and drop-off day are both counted as one single hire day. For example, pick-up Monday, drop-off Friday would be calculated as 4 days hire.
6. All items must be together for pick-up and drop-off. Portions of items from same hirer with different pick-up days or drop-off days would be treated as separate hire consignments.
